

Holy Spirit [Lyrics]

[Reimagined] by Moriah Nepstad

Intro:

Verse 1:

He is eternal yet He's personal
He is transcendent and He's perfect
He always speaks the truth and He is all knowing
These are perfections of our God

Chorus:

Mighty move of God may you move here
Holy Counselor may you teach us
Helping us to pray may we pray your will
Lord your perfect will

Verse 2:

Fulfillment of promise your will was that we be filled
Full of your Spirit so Holy Spirit fill the room
You ignite our faith this is the Spirit of our God

Chorus

Mighty move of God may you move here
Holy Counselor may you teach us
Helping us to pray may we pray your will
Lord your perfect will

Instrumental:

I'm in awe I'm in awe
I'm overwhelmed with wonder
I'm hanging on hanging on
To every word you're speaking out to me
You're the God who sees
oh you're Spirit continues to speak
You have your arms wide open

I'm in awe I'm in awe
I'm overwhelmed with wonder
I'm hanging on hanging on
To every word you're speaking out to me
You're the God who sees
oh you're Spirit continues to speak
You have your arms wide open

So worship is our response
Worship is our response
Worship is our response
You took the first step

So worship is our response
Worship is our response
Worship is our response
We yield to you and say

Holy Spirit -

Chorus:

Mighty move of God may you move here
Holy Counselor may you teach us
Helping us to pray may we pray your will

Mighty move of God may you move here
Holy Counselor may you teach us
Helping us to pray may we pray your will
Lord your perfect will
