

So I Believe [G]

[Reimagined]

Intro

G/B C G

Verse

I respond to the act of love
Where my failures were lost in the blood
My fall was great
your will was greater
You've rescued me
So I believe

Verse

How my Savior is rich in grace
Had salvation flow through His veins
The cost was great
Your life was greater
You've ransomed me
So I believe

Chorus

You hold the power and the victory
Over death and the grave
That means new life for me
Your final breath said it's finished
Now I'll live like it is
Oh my God is risen
