

The Fear of God [Lyrics, 70 bpm]

[Default Arrangement]

Verse 1:

Reverential awe the fear of God
may we stand and behold the glory of your divinity
Common union with you what we pray and seek
May we turn from sin and please you
with our lives not just lips

Chorus:

Ho - ly one have my life
I was made to adore you I was made to behold you
Ho - ly one have my song
I was made to adore you I was made to behold you

Verse 2:

Your glory fills the temple
You're King of Kings
I'll be devoted to no other
My God you'll be

Chorus:

Ho - ly one have my life
I was made to adore you I was made to behold you
Ho - ly one have my song
I was made to adore you I was made to behold you

Bridge:

I sing what I see
And what I see is holy
May I see you rightly
The fear of G-o-d
The fear of G-o-d

Chorus:

Ho - ly one have my life
I was made to adore you I was made to behold you
Ho - ly one have my song
I was made to adore you I was made to behold you
